Professional Profile

Michael Crowley, who joined RJA in 1980, is the company's leading expert in the field of life safety and fire protection for hospitals and healthcare facilities. In this role, he has conducted code compliance surveys of existing facilities, developed fire protection master plans for new facilities and designed fire sprinkler, detection, alarm, smoke control and voice communication systems.

Crowley is an instructor for NFPA's Life Safety Code Course. He is qualified to conduct Fire Safety Evaluation System (FSES) and Statement of Condition (SOC) surveys of hospitals, nursing homes, detention facilities, and office buildings. Crowley has also developed Plans for Improvement and Plans of Corrective Action for hospitals, and negotiated acceptance of these plans with local building and fire officials, The Joint Commission (JC), and Center for Medicare/Medicaid Services (CMS).
